

Plein Air watercolor painting

Let Susan & Lee guide you into the rich and exciting world of plein-air painting during this 2 week Tuscan adventure. The sites you see and the world you experience will come to life under the guidance of these generous and experienced instructors.

Creativity and experimentation are the keys to unlocking your own personal dialogue with the landscape and the history of this unique part of Italy. Lee & Susie will introduce you to the world of underpainting, Tombow pens, Pigma microns, and collage while guiding and encouraging you on your watercolor painting journey.

Your trip highlights will include 3 days and two nights in Florence where you will have a museum day and a day to paint in a Renaissance garden! Other highlights: a day trip to the breathtaking Cinque Terre, a Puccini Concert held in a church built on the foundations of a Roman ruin in the medieval walled city of Lucca, and painting the beautiful town of San Gimignano, "the city of towers".

Painting around your home in Abbondanza Toscana where you will enjoy making Limoncello, lounging at the pool, and the local Sangiovese and pecorino might just be the best of all!

Paula Sullivan, Director of Abbondanza Toscana, with her 15 years of living and traveling in Italy, has designed this amazing tour for Susie & Lee and they all look forward to sharing this latest Art-Adventure with YOU!

Susie at 253-677-1920 Lee at 360-573-5447

Join Susie & Lee as they return to Italy for two weeks of plein air sketchbook painting and photographing. They have chosen Abbondanza Toscana in the hills above Lucca (www.abbondanzatoscana.com/) to be "home" for their 2012 art-adventures workshop. Daily painting sessions led by these two talented and experienced teachers will include the peaceful surroundings of the beautifully restored farmhouse and barn where you will stay and it's 1000-acre wine & olive estate, as well as excursions to nearby towns, a day trip to Cinque Terre, and a very special stay-over in Florence with Museum passes!

Included in your price is all housing, painting & photography instruction, ground transportation to and from the Pisa airport or Lucca train station (co-ordinated with other travelers), transportation to and from excursion sites, all breakfasts & dinners, most lunches and wine whether enjoyed at home or at a restaurant, entry fees to gardens & museums, and a special Puccini concert in the nearby walled town of Lucca.

Price is based on double occupancy. Lee & Susie can help singles find roommates.

Space is limited to 12 so early registration is encouraged.

A \$700 US non-refundable deposit will hold your spot and a booking form will follow. A comfortable payment schedule will be outlined and e-mailed and a sketchbook journal party prior to the trip will provide a meet and greet for all travelers.

Because your deposits and payments are non-refundable, trip insurance is highly recommended! Should you have to cancel, but can find a replacement for yourself, your funds minus a \$100 fee will be returned. If Art-adventures does not meet it's minimum for this trip, all fees will be returned.
